**Read "The New Testament In One Year" Journal**

---

In 2012, I want to challenge the whole church to read the New Testament in a year. While that might sound like a lot, it is actually only about 1 Chapter a day. You are encouraged to keep track of thoughts that you have during the course of the week. I have discovered the following acronym S.O.A.P. that I think will help you with taking thoughts. S.O.A.P. stands for Scripture (read it), make Observations about it, Apply it to my life, and write a Prayer based upon something the Lord has told you. Each Sunday of 2012, starting January 8, I will be preaching on one of the scriptures that we all have read during that week. I want to invite you to try using a Bible that doesn't have notes in it so you will depend upon the Lord rather than the notes for insight. I will be using the E.S.V. version of the Bible for preaching and teaching in 2012 and would recommend it to you for your person study too.

*Pastor Rob*

In 2012 I covenant to read and journal through the entire New Testament.
